Demonstration

For 1st week

Reporter: Jeffery

What I learned?

- A fancy way to make my own Website (HTML & CSS).
- Windows Operating System and PowerShell (Cmdlet & Pipeline)
- Git & Github
- C# Syntax & Vocabulary (≈ C++)

Challenges

Totally new things (HTML?? CSS?? PowerShell???...)

Complex System Command.

Bad sleep..

One hint to share

One hint to share

```
<div class="div01" style="text-align:left; margin:0; padding:0; width: 40px; display:inline-block; " >
   <img id="img1" src="donwload.svg" />

</div>
<div style="text-align: right; display: inline-block; padding-left: 60%; vertical-align: 50% ">
    <a>HOME</a>
</div>
```
